

DreamSpace Academy[®]
Co-Creating The Dreams

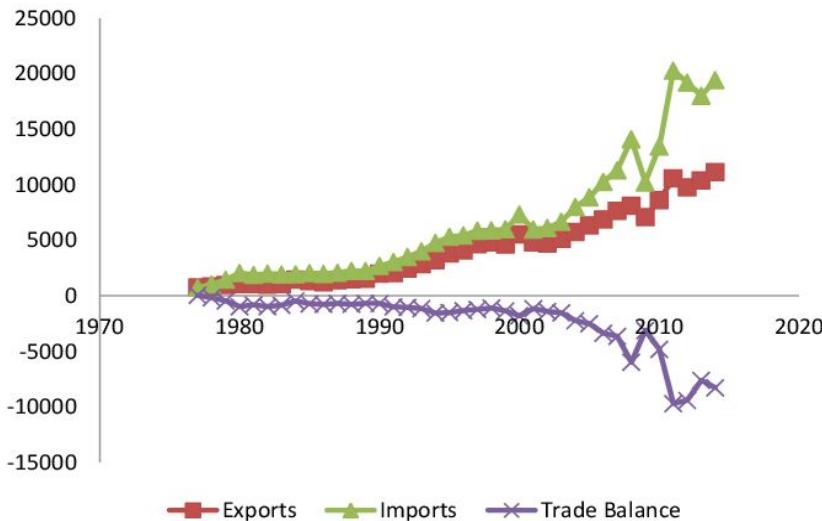

Who are we?

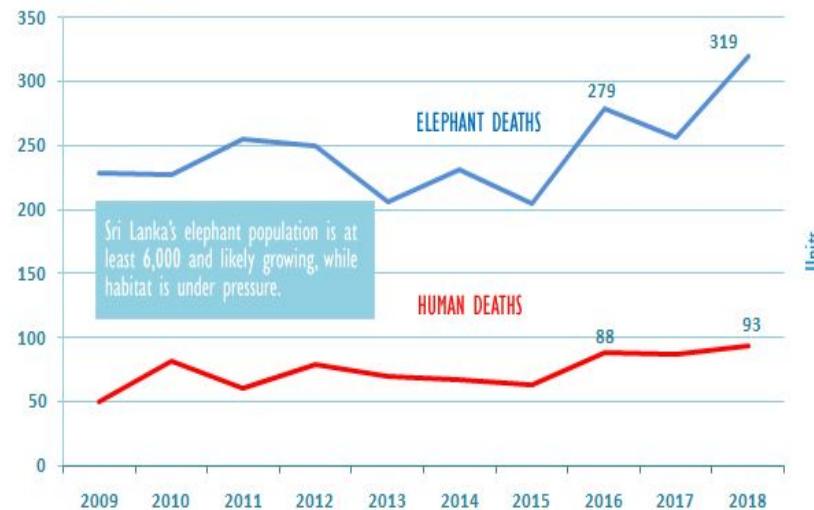

DreamSpace Academy is a **community innovation centre** to tackle complex local socio-economic and environmental challenges with **challenge-based learning**

Why do we do? | Locals should solve the local challenges

One of the **least innovative** country in Asia with **negative trade balance** of \$ 9.1B in 2017

Biodiversity loss and environmental degradation with 415 elephant death in 2019

Source: unocha.org, global-innovation-index-2018, researchgate.net, oec.world

What are we?

We are a **non-profit social enterprise** with a perfect balance between the **social mission** and the **business venture**, to achieve **sustainable development goals** by empowering the **underprivileged communities** and protecting the **environmental ecosystems** in Sri Lanka

What do we do?

SOCIAL MISSION

Personalised Empowerment

Community Building

Well-being Advocacy

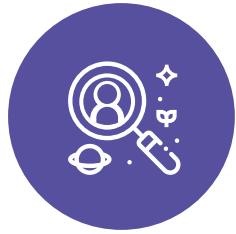

BUSINESS VENTURE

Social Enterprises

Capacity Development

International-Aid Projects

DreamSpace Lifecycle | Personalised Empowerment

Talent Discovery

In this stage, talent is identified by the motivation to protect the environment and solve social challenges.

Maker Education

In this stage, the talent is trained to make anything from business modelling to biotechnology with multidisciplinary workshops.

Community Innovation

In this stage, the talent's long term domain and immediate project are identified to solve a complex local challenge.

International Collaboration

In this stage, talent's knowledge is amplified by collaborating with international experts and organisations.

Social Enterprise

In this stage, the solution is productised to solve the local challenge, and a startup is created for socio-economic development.
